- AND WORK

*"Whatever makes men good Christians, makes them
good citizens" -- Daniel Webster*

In the Classroom

Young minds are guided by skilled teachers into new fields of world history, literature, arts and science. An inquiring mind is a "first" for citizens in a democracy.

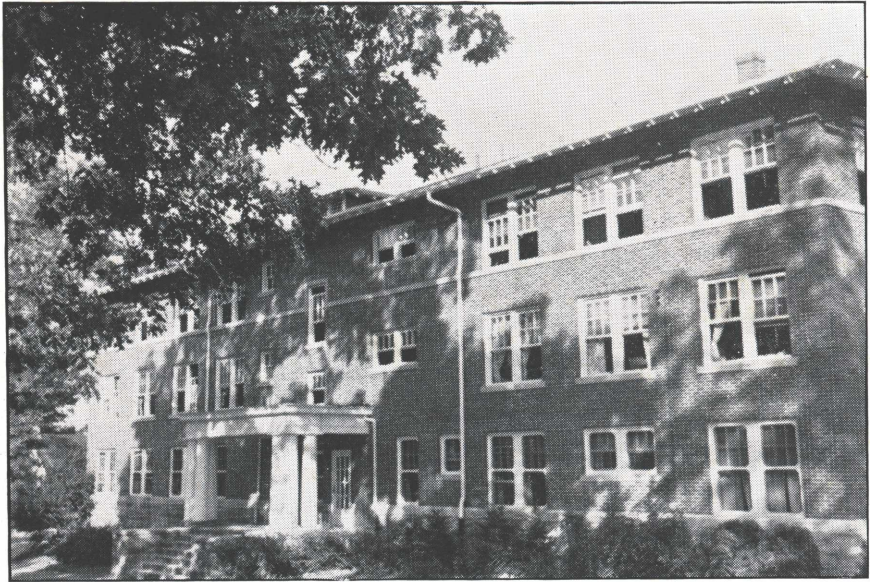

In Pioneer Church

Worship prepares the young citizen to live better; and confronts him with his higher citizenship in God's kingdom.

On the Farm

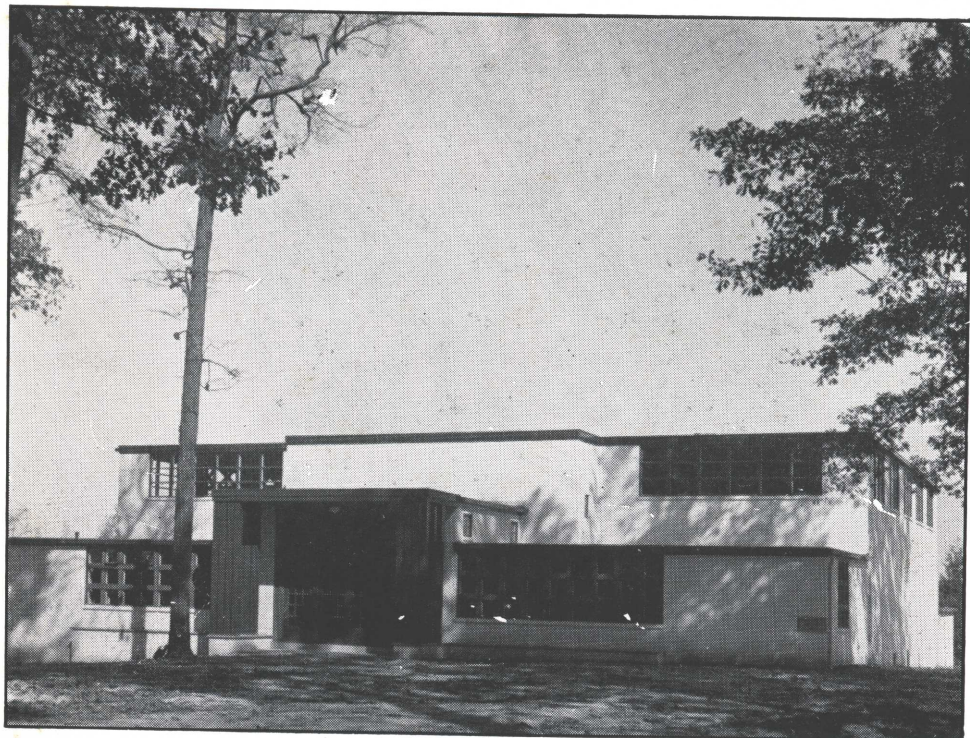

The satisfaction of work well done is good training in responsibility for future citizens.
